

An International Travel Pass makes it easy for eligible Telstra Mobile Post-Paid and Prepaid customers to make and receive unlimited voice calls and SMS and send and receive data while travelling outside of Australia.

International Travel Passes are a great option to help manage your mobile phone costs in eligible countries.

Travel Passes are available in more than 59 countries, split into three zones.

Travel Passes include unlimited voice calls and SMS to standard local (within the eligible country) or international fixed-line and mobile numbers, and a data allowance to use while you're in the eligible countries in your Zone.

Additional data available at 3 cents per megabyte during the 3 days - matching additional data rate available on Telstra's domestic plans.

Travel Passes can be purchased for three, seven, 14 or 30 consecutive days and customers can purchase multiple passes.

You can use your Travel Pass as you move between eligible countries included in your Zone seamlessly. For example: if you are travelling around the UK and Europe you can buy a Zone 2 Travel Pass and use it in the UK, Ireland, Spain and any other eligible destinations you may visit.

You will also receive SMS alerts when you reach 50 per cent, 85 per cent or 100 per cent of your included data allowance.
